Re: **Robert W. Parchment Plumbing & Heating, Inc.**
Letter of Recommendation
MTA Capital Construction Contract A-36138
Fulton Street Transit Center
Dey Street Concourse, R/W Underpass and Platform Finishes
Skanska USA Civil NE Inc. Job #020107

To Whom It May Concern:

I am pleased to write on behalf of Robert W. Parchment Plumbing & Heating, Inc. (Parchment), an invaluable asset to our contracts at the Fulton Street Transit Center. Parchment has provided plumbing installation services on the subject referenced Dey Street Concourse project since July of 2010, and they have consistently proven to be dependable and professional.

Parchment's field personnel are skilled and reliable, working in close communication with the project team, with high quality results and with the utmost regard to jobsite safety. Likewise their office staff has been cooperative and timely in providing all required documentation, and their management and supervision has worked closely with our office to foresee and avoid complications

Skanska greatly appreciates the friendly and professional business relationship that we have with Parchment, and I recommend them wholly and without reservation for future work with Skanska or any other contractor in this industry.

Please do not hesitate to contact me directly for further feedback regarding Parchment's outstanding performance on this project.

Very truly yours,

Aeran Doron
Project Manager
Skanska USA Civil Northeast Inc.
